DETAILED ACTION

1. This Office Action is in response to applicant's amendment filed on May 25, 2006.

Allowable Subject Matter

2. **Claims 1,3-5,7-10,15-18,21-36,38-50,52-56, and 61-63 allowed.**

Reasons For Allowance

3. The following is an examiner's statement of reasons for allowance:

Claims 1,23,35,38, and 56 are allowable over the prior art of record because the teachings of the references taken as a whole do not teach or render obvious the combination set forth, including that the traveling member is able to engage the sensing member without contacting the latch member.

At the instant, Wolf (US 2,703,247) discloses that the traveling member 126 will contact the sensing member 92. However, Wolf discloses that the sensing member is part of the latch member, therefore, when the traveling member contacts the sensing member, it would also contact the latch member. Further, the traveling member will rest at different spaces at the latch member after it passes by.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
